Sad, the fraud continues:

We just received the Press Release from U.S. Department of Interior and it shows they are not honorable people. The majority of people that testified during the hearings in December 1999 favored the United States follow the law and do the right thing for the people of Hawaii nei. The headlines in every major and minor newspaper in Hawaii had statements like Restore the Hawaiian Kingdom I did not see any headlines Make us Indians ?

In the Rice case the U.S. government, state of Hawaii, and office of

Hawaiian Affairs defended themselves by claiming the Hawaiian people are Indians and how Hawaiians were being treated just like the Indians under U.S. Federal Law. The Supreme Court of the United States rejected each one of their theories the U.S. and state of Hawaii presented.

Look at how Hawaiians have been treated over the past 100 years, being treated as

Indians . Currently they have the worst health statistics out of any ethnic group in Hawaii? Currently they have lowest rate of homeownership out of any ethnic group?.

Currently more than 30,000 Hawaiian died while waiting for Hawaiian Homes

Commission Land and there are still more than 16,000 on the waiting list? The United States Civil Rights commission in 1998 indicated while Native Hawaiians represent less than 20% of the population and 40% of the people in prison are Native Hawaiian.

If you like the way Hawaiians have been treated, support this garbage.

If you want Hawaiians to be treated fairly, follow the current law. WE DO NOT NEED TO

CHANGE CURRENT LAW. THE UNITED STATES CONSTITUTION INDICATES TREATIES ARE THE SUPREME LAW. THERE IS NO EVIDENCE THAT INDICATES THE HAWAIIAN KINGDOM EVER CANCELLED THE TREATIES IT HAS WITH THE UNITED STATES!!!!!!

To ignore what na kupuna leit for the people of Hawaii through the laws of the Hawaiian Islands is hewa! If you do not what hewa means you have no place to try a trick or scare Hawaiians into thinking they should become Indians.

The delay tactics for justice by promoted this bogus palapala for the Hawaiian people are a sick and perverse method to hoping Hawaiians will die before justice can be served.

Maybe Department of Interior should just send over some blankets with the smallpox virus, as was done to the Indians .
